**Work
Experience:**

NASA Langley Research Center
1 Nasa Dr, Hampton, VA 23666 US
Intern

07/2016 - 08/2016
Hours per week: 40

Worked as an intern with the Electronics Systems Branch to write code to improve their Microsoft SharePoint instance. The bulk of the work consisted of writing several automatically generated reports for budgeting purposes that show the status of given software licenses the branch owns. This internship allowed me to be exposed to an Electrical Engineering group while also expanding my knowledge of both SharePoint and Javascript.
